

### **Proposed Addition to Constitution**

Any competition or event that require participants to purchase a KBAC fishing permit must be approved by the club if the total number of participants is in excess of 4. This is to ensure responsible fishing and handling of fish as per the club rules is adhered to. Anyone seeking approval should email [secretary@kbac.fish](mailto:secretary@kbac.fish) at least 2 months prior to the event. A decision on whether the club approves the event will be made by the KBAC Committee.
